## AN ASSURED FACT.

Business Men Coming to Front With Liberal Subscriptions.

The Great Free Street Fair for this city is an assured fact, and will be held on Oct. 4, 5, 6 and 7. This will undoubtedly be the greatest event ever held in Hopkinsville for several reasons: It will bring more people on account of the many free attractions; it will bring more money; and because of its being held on the streets, right in the business center, will necessarily leave more money with the business men than anything which has ever been held here before.

The committee having in charge the getting of subscriptions, T. G. Littlehales, who is secretary and treasurer of the Fair, Mr. Emile Brackrogge and Mr. Henry Blumenstiel, are well pleased with the manner in which the business men are coming to the front with subscriptions, and the amount already subscribed assures the success of the Fair. At the same time a much larger amount is desired in order to enable the management to secure additional free attractions, and if possible make the Hopkinsville Free Street Fair better than any of the Fairs held elsewhere.

The committee reports a few refusals to contribute among the business houses, which is of course to be regretted, as every business man in the city will benefit from the holding of the Fair, and should be willing to stand a share of the expense of getting it up. A list of subscribers will be published in a future issue.
